Ref.: Application fuel clause

Dear Client,

The war in Ukraine has a huge impact on the inhabitants there. Our sympathy is with the people and we hope that the humanitarian situation will not deteriorate further.

The situation is also affecting the global economy, which is currently partly reflected in extremely rapidly rising costs of fuels, energy and related resources. On 1-JAN-2022, the diesel price per litre was € 1.441 (excl. VAT), at the time of this writing it is € 1.988 per liter*. An increase of more than 35%.

Due to these unexpected developments, we are unfortunately forced to levy a surcharge on our rental rates of cranes, transport and truck mounted arial platforms. This surcharge is calculated on assignments carried out as from Monday 21-MAR-2022, with a reference date for diesel pricing of 10-MAR-2022.

Fluctuations in the diesel price of € 0.08 per litre (excl. VAT) lead to a change of 0.5% of the fuel surcharge. The fuel surcharge shall be determined monthly on the 1st working day of the month in accordance with the table shown in Annex I.

We trust that we have informed you sufficiently and thank you in advance for your understanding. If you have any questions or comments, please feel free to contact us.

Sincerely,

Kraanverhuur D. Boekestijn B.V.

Attachment: I – Fuel clause

Attachment I – Fuel clause

As of 21-MAR-2022, we apply the fuel clause below on all rates of cranes, transport and truck mounted arial platforms with the reference date for diesel pricing 10-MAR-2022. The fuel surcharge is stated separately on the invoice.

The basis is the diesel price on 01-JAN-2022 of € 1.441 excl. VAT per litre.

Thereafter, the fuel surcharge will be adjusted monthly on the 1st day of the month, depending on the current level of the fuel price* on the 1st day of the month. The date of execution of the work determines the amount of the surcharge. The fuel surcharge will be calculated in accordance with the table below.

Diesel price (excl. VAT) *				Fuel surcharge
